

## Raising digital business risk awareness in the Boardroom

The level of scrutiny regarding Board Member knowledge of digital business and associated cyber risk management is ever increasing.

Accredited through APMG International, UK NCSC Assured Training and listed as qualified cyber training by Department of Homeland Security Cybersecurity and Infrastructure Security Agency (DHS CISA) in the US, the NIST Cyber Security Professional (NCSP®) training programme teaches individuals and organisations "HOW" to engineer, operationalise and continually improve a NIST Cyber Security Framework (NIST-CSF) Program ([www.nistcybersecurityprofessional.website](http://www.nistcybersecurityprofessional.website)).

### NCSP® Digital Business Risk Awareness Certificate

This 2-hour self-paced, eLearning NCSP® Digital Business Risk Awareness Certificate course is perfect for Board Members/Business Owners and introduces participants to the fundamentals of:

- ✓ Digital business and its evolution,
- ✓ Digital business and associated cyber risk and its relationship to digital business value; and
- ✓ The NIST Cybersecurity Framework and its role in helping organizations protect its digital business value.

### Course Features
